MADEIRA - Threads and Stabilizers

Janome Canada is the exclusive distributor of home Madeira products in Canada. Makers of the beautiful Treasure Chest collections, embroidery threads like Polyneon 40 and Aerolock serger threads, Madeira is a brand that customers ask for by name.

From raw material to finished thread, Madeiras uses state-of-the-art equipment to test and inspect throughout all phases of production, including: inspection and testing of raw materials, extensive lab tests before and after dyeing, tests to determine thread performance under all types of production conditions, controls to determine compliance with washing standards.

Madeira Stabilizers and Display

Stabilizer Display Part: 9422 D MSRP: \$649

Bright and attractive, the Madeira Stabilizer display comes with the complete line up of all the Madeira Stabilizers. Designed for wall or stand display it measures 57 W x 127 H x 20 D (cm) and comes with 24 boxes (2 of each). Refills available in sleeves of 3.

New - Madeira Large Stabilizer Rolls (Sold individual)

Designed to work with larger hoop sizes the extra wide rolls come in a variety of styles and “buy” the yard, are a consumer favourite.

Stabilizer Starter Set Part: 9449 MSRP: \$21.99

Contains a generous sample of each of the twelve stabilizers. A copy of “Stabilizer Know How” instructions included.

Stabilizer in Retail Clam Shell Boxes MSRP: \$26.99 each

There is a Madeira stabilizer for any fabric application. Sold in sleeves of 3.

Super Strong PART: 9445

HEAVY CUT-AWAY STABILIZER - WHITE

Permanent stability for the most detailed designs. Super Strong is the ideal stabilizer for embroidery patterns with a large number of stitches and high stitch density. Thanks to Super Strong, crinkling and displacement of the work is prevented, even when embroidering small details.

Super Strong PART: 9446

HEAVY CUT-AWAY STABILIZER - BLACK

Permanent stability for the most detailed designs. Super Strong is the ideal stabilizer for embroidery patterns with a large number of stitches and high stitch density. Thanks to Super Strong, crinkling and displacement of the work is prevented, even when embroidering small details.

Super Stable PART: 9447

IRON-ON CUT AWAY STABILIZER - WHITE

Ideal for thick stretch fabrics. Great for machine embroidery and appliqué as it remains on the fabric to keep it stable during and after embroidery. Iron in place where ever a permanent stabilizer might be used, stitch, and carefully cut away excess backing close to stitching.

Super Film PART: 9448

IRON-AWAY STABILIZER - TRANSPARENT

Ideal for delicate fabrics. Super Film is a heat-sensitive special clear plastic-like film which disintegrates with a hot dry iron. Works well on specialty fabrics such as satin, velvet and corduroy without puckering. Use for fabrics too delicate for Tear Away, too sheer for Cut Away, or aren't washable at all. Super Film disappears when heat is applied and perforated foil is the ideal backing for badges, it remains under the stitching, continuing to support it during washing.

Avalon Film PART: 9440

LIGHT WEIGHT WASH AWAY STABILIZER - TRANSPARENT

Ideal for looped and knitted fabrics. Avalon Film can easily be hooped for decorative stitching on towels, knit or sweater fabric to prevent stitches from sinking and disappearing into fabric nap. Stretchable and delicate fabrics will no longer lose their shape as you sew or embroider on them.

Avalon Ultra PART: 9441

HEAVY WEIGHT WASH AWAY STABILIZER - TRANSPARENT

Extremely firm. Allows the most detailed embroidery without tearing. Avalon Ultra is ideal for hoopless embroidery or any project where added support or firmer working foundation is necessary. Can be stitched intensely without tearing.

Avalon Plus PART: 9442 (\$40.50 - set of 3)

FIRM WASH AWAY STABILIZER - WHITE

Ideal for embroidery on light, delicate fabrics. Avalon Plus is a firm water-soluble stabilizer with the strength of a non-woven fabric. Dissolves in warm water with no residue, placing no stress on your beautiful embroidery. Can be embroidered intensely without tearing.

Avalon Fix PART: 9443

SELF ADHESIVE WASH AWAY STABILIZER - WHITE

Ideal for working on lace and for borders. Avalon Fix is soft and stable, with the added bonus of a paper-backed adhesive. Avoids hoop marks on any washable fabric, ideal for projects too small or odd sized to hoop. Hoop stabilizer, reveal sticky surface, align fabric and finger press in place. Washes out with lukewarm water.

Cotton Soft PART: 9436 (\$40.50 - set of 3)

TEAR AWAY STABILIZER - WHITE

Cotton Soft is the choice of professional embroiderers for embroidery and sewing machines. Prevents displacement of the fabric during embroidery. For super clean edges. The natural cotton fibres make it environmentally friendly and extremely comfortable against the skin.

Cotton Soft PART: 9437

TEAR AWAY STABILIZER - BLACK

Cotton Soft is the choice of professional embroiderers for embroidery and sewing machines. Prevents displacement of the fabric during embroidery. For super clean edges. The natural cotton fibres make it environmentally friendly and extremely comfortable against the skin.

Cotton Stable PART: 9438

IRON-ON TEAR AWAY STABILIZER - WHITE

Ideal for knits and stretch fabrics. Cotton Stable has a coating on one side that develops an adhesive effect when subjected to heat. Eliminates shifting, sliding, puckering, and stretching of material. The iron-on coating produces only a weak adhesive effect allowing the removal of Cotton Stable without residue.

Cotton Fix PART: 9439

SELF ADHESIVE TEAR-AWAY STABILIZER - WHITE

Cotton Fix is ideal for hooped computerized machine embroidery. Avoids hoop marks on delicate and sensitive fabrics, such as velvet, suede and silk. Excellent for patchwork as small items can be embroidered without basting them to the stabilizer.
